Miles in Richelieu.

We regret that the necessity of going to press precludes the possibility of giving this play, the talented actor, actress and extra fine company the space and notice they deserve. Palace theatre never contained such a brilliant company before. Miles in Richelieu is a magnificent piece of acting. His reading was correct, clear and masterly. The scene scene, was grand, fully up to the expectation of those who had read of his great success in this scene before the critical audiences in the large cities. Mr. Miles will carry with him the admiration of all who have been privileged to see and hear him. It will be a long time before another opportunity will be presented to a Bozeman audience to see as great a man. It is said that he is equally as strong in Macbeth and we trust that those who love and appreciate good acting will be in force.

Rates to New Orleans.

C. F. Hefferlin, Northern Pacific agent at Livingston, has received the following communication from Chas. S. Fee, the general passenger agent. It explains itself.

"Replying to yours of the 16th, we have decided to make a rate for the New Orleans Expedition of one fare for the round trip from stations on our line to St. Paul and return. A set of tickets will commence Dec. 1st, and will be good to return to June 1st. The circular and tickets are now being prepared and instructions will be sent you in due time."

CITY AND COUNTY

The finest brick in Missoula are those being laid in the front of the Catholic academy.

Dr. Hunter was in town this week and has again struck it rich. This time it is a coal mine.

C. T. and C. F. Hobart of the Park, were in Bozeman on Thursday, on legal business.

W. D. Smith was married Sunday evening to Miss Kittie daughter of Judge Miller all of Miles City.

The Butte Intermountain has discontinued its weekly and is issuing a semi-weekly instead.

Chas. Berg, and old-time Yellowstoneite, was among the Livingston delegation to the Republican convention.

A letter from painter Schmitz, now in Dennison, Texas, says that there is no better country than Montana.

Wm. Randall was the lucky winner of a gold watch and chain, raffled last Saturday night.

Among the many large yields of grain in this valley this year, Jerry Matthews deserves special notice. His wheat went 57 bushels to the acre.

Fred Ward publishes a number of testimonials in the enterprise to prove that his system of book-keeping was the best of the art.

James Garlock, a Miles City attorney, who used to eat buffalo meat under the delusion that it was ham, paid Bozeman a visit last week.

Rose Eytzinger celebrated emotional arrest will appear in Bozeman, two nights in October, under the management of McGuire.

John C. Butler, step-son of P. P. Worsham, has gone to Helena, to take six month's course in the Helena Business College.

Threshing is now the order of the day. Notwithstanding the unusual number of machines in the valley, many farmers will be delayed with this part of their work.

J. C. Wilson, a wealthy and prominent stock raiser of Red Bluff, Cal., has been in town this week, meeting old acquaintances and making many friends.

John H. Dawes, has taken the agency for the Singer sewing machine and expects next week to start out among the farmers of the valley.

Gen. L. S. Willson, returned on Wednesday afternoon from a trip east, where he had been to buy and inspect all the novelties of the season for his large establishments at this place.

P. S. Rountree, the rustling (?) real estate dealer, quart expert (?) and boomer (?) left for the East a few days ago. Good-bye Phil, and may your shadow—never grow less.

Several farmers of the valley are hauling by team, eggs, butter, oats and wheat to Butte. By so doing they find an arduous task, and avoid paying a freight tariff by rail.

An itinerant band of Italians, four in number, for the past week have been discussing sweet music at the various saloons. On Friday night they gave a ball which was well attended.

Guy X. Platt, for several years city editor of the Helena Independent has retired. Guy has won an enduring reputation as an energetic chronicler of local events and a sketch writer of pleasing promise.

Editor Hendry of Livingston, was in the county and territorial Democratic conventions as a delegate, while his associate Mr. Wright was an active member of the Republican convention in Bozeman.

The ladies of the Presbyterian church have on the tapis a novel entertainment to be given soon in Chestnut's hall. Part of the programme is the "Fan Brigade," by the children. Watch for the announcement.

Cyrus Thompson, of Sims, D.T., Supt. of the N. P. coal company, was in Bozeman on Thursday, on his monthly visit to the coal mines, to pay the hands, over two hundred of which, under Robt. McKee, are employed at Timberline.

J. B. Stewart, one of the well-to-do successful farmers on Middle Creek, informs us that he raised 96 bushels of Scotch Fife wheat on two acres of ground—that is 48 bushels to the acre; he says the berries are much finer looking and larger than the original stock.

From a Livingston gentleman we learn that many parties are moving on to the segregated portion of the Crow Reservation, notwithstanding that the Commissioners have not yet arrived, and Congress through this deleterious ground open to settlement.

F. W. Van Allen, left on Thursday for his father-in-law's cattle ranch on the Clark's Fork, where he will spend two weeks hunting and fishing. He will be accompanied to Bozeman by his wife, who is also enjoying the healthful mountain breezes of that region.

The Bozeman String Band, now one of the popular and permanent organizations of Bozeman, gave a ball on Friday night at Spleth & Krugh's hall. The dancing season is now fairly upon us and indications seem to point to a lively season of joyous diversion. "Let the dance go on."

After seventeen days of delightful, healthy pleasure, Mat. Alderson and party returned from the Park last week. Mat. was enchanted with the natural wonders and no doubt will soon serve up a palatable repast from his notes and critical observations.

A treat will be in store for the citizens of Bozeman, sometime during next week. The little children will give an exhibition of the "Fan Drill," and are now being taught in the manual by an accomplished drilling officer. The ladies who have this matter in charge are those who never make a failure of anything they undertake.

The Bozeman public reading room since its removal to the Osborn block is an attractive resort. All the best current periodicals are to be found on its tables; writing materials are on hand and to the stranger this enterprise must certainly prove a benefit. The people of Bozeman have reason to be proud of its organization and aid it in every way possible.

THE LOVE FEAST.

An inauguration of Brotherly Love, Harmony, Affection, Tolerance, Kindness, Goodwill and Benevolence, Uncontrollable Happiness.

In the words of a Livingston delegate, as H—y the Enterprise correspondent would begin, "They almost hug us."

This train was started early Thursday morning and by the time the Republican Convention met at 4 o'clock in Chestnut's Hall, the feeling of brotherly love was apparent to a remarkable degree.

Brother Alderson was so full of it that it seemed to ooze out of every pore of his body, his kindly, loving smile and tender words, oft-repeated, spoke eloquently of his over-flowing love for mankind in general and the Livingston delegation in particular.

Mayor Rogers was also remarkably magnanimous and exhibited the virtue of a vigorous kind; pure in the last recesses of his mind, conceding everything demanding nothing, he indolently wedded the east and west side delegations together in the bonds of loving kindness.

Col. Eaton's large, handsome figure was conspicuous among the "old guard," also the dapper, well-dressed form of Geo. Haldorn of Livingston, was observed flitting among the delegates, whispering words of honeyed sweetness, and otherwise preparing his way towards a candidacy—both unutterably happy.

"While this happy scene was being enacted, while the hum of pleasant voices filled the air, the massive form of Jim Hathaway filled the door. There was a momentary lull in the taffy-giving and a shadow of disapproval was observed on the countenances of the "bottle scared," and when the genial Jeeves had seduced a greater portion of the delegation to the neighboring bar room, a change of demeanor was threatened. Happily the disaster was averted and thereafter Botkin's henchman worked quietly on the inside.

CONVENTION WAS CALLED TO ORDER at 4:15 by J. V. Rogers was made a very brief and neat speech. It was his pleasant duty to welcome the delegates; the Republican party was proud of its past, present and future; the Democrats have given us victory if you will grasp it; let us march arm in arm to victory, all personal feelings should be disregarded, and no differences should exist because we are divided by the range.

Geo. D. Thomas was made temporary chairman and Geo. Haldorn, temp. sec'y.

During a recess of thirty minutes the chair appointed Col. E. F. Ferris, Dr. Grant, Jas. Gallop, Nelson Story and A. B. McNaughton on credentials; A. B. Love, W. M. Alderson, Geo. Haldorn and Mr. Denney, committee on order of business and rules; J. V. Rogers, F. W. Wright, Robt. Burnett, Mr. Holliday and Ryan, permanent organization; Jno. Potter, Geo. O. Eaton, P. Koch, Mr. Nixon and Berg, on resolutions.

At 4:30 the convention was called to order and the report of the committee on credentials found the following gentlemen entitled to seats in the convention: Bozeman—J. V. Rogers, Ed. F. Ferris, W. M. Alderson, Nelson Story, Geo. R. Nichols, Peter Koch, Jas. Gallop, J. H. Nixon, E. M. Gardner, J. H. Aylmer, Gallatin City—J. A. Denney, J. O. Hoppling, Mr. Miner.

East Gallatin—G. D. Thomas, A. T. Hamilton, Flat Head—Jas. H. Gallop, Fridley—F. F. Fridley, Cooke City—G. O. Eaton, Geo. Haldorn, E. H. Hanley.

Gardiner—H. P. McNaughton, Richmond—S. L. Holliday, Pratt—W. G. Strong, Elk Grove—J. B. Stewart, Frank Nesbitt, J. G. Lane.

West Gallatin—Jno. Potter, Robt. Burnett, Hillsdale—E. O. Penwell, Timberline—Robt. McKee, Livingston—A. L. Love, G. W. Grant, C. Berg, G. H. Wright, G. H. Wright, G. Haldorn, C. T. Chambers, F. Hefferlin, E. Talcott.

Chicago—G. J. Batchelder, Hunters—T. C. Burns, Willow Creek—W. B. Ryan.

Hon. John Potter was made permanent president and W. G. Strong vice, C. F. Hefferlin and Geo. Nichols secretaries.

Mr. Potter responded with a happy speech in which he trusted that all would work in HARMONY! the opening is a grand one for a glorious victory; like a party re-baptized the battle-scarred veterans should select the men most available, stand by and cast a solid vote for them; only quarrel as men; I am glad to see the unanimity thus far; the Republican party represents the wisdom, the strength and intelligence of the county and by one aim, success of party, the enemy could be put to flight.

THE PLATFORM, which had promised so much, so anxiously looked for by curious Democrats and delighted Republicans was then produced and read by P. Koch:

The Republicans of Gallatin County in convention assembled this 25th day of September, 1884, do hereby renew our allegiance to the Republican party as the party of freedom and progress and subscribe cordially to the declaration of principles, issued by the Chicago convention.

We appreciate the resolution passed by the convention in favor of the selection of territorial officers from among the citizens of the territories as being the first step towards admitting the rights of the territories to self government, and we express our gratitude to those territorial delegates who secured the passage of this resolution.

We favor the strictest economy in the administration of our county offices and insist on retrenchment of expenditures, wherever it is compatible with an efficient administration.

We believe that several count. officers are now receiving far higher pay than similar services would command from private individuals, and as the fees and salaries which they now receive were fixed during hard times, when high prices prevailed for everything, we demand a readjustment of them to the changed conditions.

When the farmers and other producers of our community find it hard work to meet their taxes, we do not deem it fit, that the officers who are elected to serve them should be able to accumulate small fortunes from a few year's term of office.

We demand therefore a strict construction of the law, as it now stands, regarding fees and emoluments of county officers.

That no extra pay be allowed for any official services, except when such extra pay is absolutely enjoined by the law.

That whenever the rate of payment is not definitely fixed by the law, only such rate of pay be allowed, as similar services would command in private life.

That no expenditures be incurred or allowed, which are not strictly within

AL SIRO ACROSTIC.

BY A. G. NOLAN.

Ah, I loved her like a brother, and I felt not even a mother, gave the love and pure devotion that my darling found in me.

Cautiously she led me through it, hesitating not the world's view of it, and with open arms she'd meet me, talk so gayly, sing so sweetly.

But lips to mine were pressing, tears made sad our last caressing, should I doubt a love so tender, pride me in her heart's surrender.

Oh, my boy, God bless, God bless thee, are the words that still distress me, Nimbly does the trained equette, spider-like, catch lovers vet.
